

## One Way to Del Rio

Very simple G - C - D / 3-chord song. The short steps from the root note of chords is fingerpicking 101 it's so easy. Fun song that sounds like it was written a long time ago. Like you've heard it before. An old standard, but it's new!

The original step notes carry the next lines after the first two shown below. So you're doing the C-B-G most of the time, and the B-C-D just once in the verses.

G  
It's one way to Del Rio  
C G (steps C-B-G notes w/G being root chord)  
And another to San Antone'  
G  
Such a long way from El Paso  
C D (steps B-C-D notes w/D being next chord)  
When you're driving all alone  
I'm tired and I'm weary  
Of traveling this old road  
But it's still one way to Del Rio  
And a long, long way back home  
It's still one way to Del Rio  
And a long lonesome way back home

Chorus - Melodic vocal hum along

My gas tank it's near empty  
And my throat is getting dry  
A beer might be the answer  
But I don't want to get high  
I'm anxious for my arrival  
In the sweet city of San Antone'  
But it's still one way to Del Rio  
And a long, long way back home  
It's still one way to Del Rio  
And long lonesome way back home

Chorus - Melodic vocal hum along

Yes, I'm tired and I'm weary  
Of traveling this old road  
But it's still one way to Del Rio  
And a long, long way back home  
It's one way to Del Rio  
And a long lonesome way back home  
It's still one way to Del Rio  
And a long... / long... long way home
